## Healthy Child Care

Building Bridges With Child Care Providers

Helping to Create a Safe Healthy Environment for Louisville Metro's Children

# HEALTHY CHILD CARE

Healthy Child Care is a program of Louisville Metro Public Health and Wellness funded by

the KID'S NOW-Kentucky Early Childhood Initiative. This program provides classes and consultation to child care providers, parents, and children.

## Mission

Our Mission is to promote a healthy environment for children in child care settings through education of children, families and child care providers on health, safety and nutrition.

## Free Services Offered For Child Care Providers

- On-site and telephone consultation
- Clock hour trainings for providers
- Development and assistance in establishing health policies
- Bi-monthly newsletters
- Parent classes on health, safety and nutrition issues related to children

## Child Care Health Consultants

Child Care Health Consultants are registered nurses with Louisville Metro Public Health and Wellness. All Child Care Health Consultants are credentialed trainers in the state of Kentucky. Their role is to assist and advise child care providers, parents and children.
