Goals

The Foundation can improve the public health and well-being of the community through a variety of objectives, including but not limited to:

- Funding innovative public health initiatives, which do not have established funding sources
- Allocating resources to projects that address priority public health needs
- Funding research and evaluation of new or existing public health programs
- Sponsoring special projects of the Louisville Metro Department of Public Health & Wellness, including education, professional development and career enhancement
- Implementing fundraising activities designed to generate money necessary to carry out the Foundation's mission
- Increasing public awareness of the Foundation and its projects
- Strengthening the Foundation's financial management structure to effectively manage diverse funding sources and investments
- Fulfilling other purposes as may be determined by the Foundation Board of Directors in the best interest of the Louisville Metro Department of Public Health & Wellness and public health needs in Metro Louisville

Mission

The Friends of Louisville Metro Health and Wellness is a charitable foundation whose primary role is to raise and distribute private funds to improve the overall public health and wellness of the community. This foundation is supported through the generosity of individuals and corporations and by grants available only to 501(c)(3) nonprofit organizations.
