All applications for fire services, commercial services, and irrigation services for common areas and signature entrances, require site plans.

A recorded deed and survey, with the deed book and page number printed on it, may be required.

Tapping fee and/or system development charge may be included with the installation fee.

All fees must be verified by a LWC Service Application Clerk before application will be accepted.

Stake Card Information:

Please circle the letter that best indicates the desired location of the service*.

A Meter Location Card will be provided to be placed at the desired meter location.

The absence of a LWC Meter Location Card at the desired meter site, a pre-installed service sleeve or private service line, or the meter location marked on this application will result in the meter being installed at the center of the premise fronting the closest water main. LWC is not responsible for any facilities on private property, i.e. invisible fences, irrigation systems, or septic fields that interfere with the water service installation.
