## 2.78 PARKING and LOADING

The sole access to all off-street surface parking shall be from the alley where an alley abuts the lot. New Accessory Residential Units (Carriage Houses) on residential lots shall not be considered as additional units for the calculation of minimum parking requirements but shall provide one additional parking space for the accessory residential unit.

Parking for commercial uses in the Neighborhood Center and Neighborhood Transition – Center zones, as well as for corner commercial structures in the Neighborhood General, shall not exceed the parking minimum requirements established by Chapter 9 of the Land Development Code. Uses in the Neighborhood Center may provide required parking anywhere in the Neighborhood Center without application for a waiver, provided that all site design standards are met.
