

*From the Desk of Tom Owen, President
Louisville Metro Council*

I was pleasantly surprised and honored on Thursday night, February 25th by some very good folks from the Highland Commerce Guild. They presented me with a very special gavel in honor of my election as President of the Metro Council. The two gentlemen with me are Jim Lally on the left and Larry Rother on the right. Associations like the Guild are an important part of our Community. The Guild and its members help all of us keep our economy vibrant and at the same time retain the feel of the small and large businessmen and women working together. My Thanks to the Highland Commerce Guild for this special honor.
