

STROKE

Is a medical emergency....Every second counts!

***Warning signs of a stroke
may include one or more of these symptoms:***

- Sudden **numbness or weakness** of the face or body, especially on one side
 - Sudden trouble walking, **dizziness, loss of balance** or coordination
 - Sudden **confusion**, trouble speaking or understanding
 - Sudden, **severe headache** with no known cause
 - Sudden trouble with **vision** in one or both eyes

***Be alert! Someone may be having a stroke
if they have trouble when you:***

- Ask the person to **smile**
- Ask the person to **raise both arms**
- Ask the person to **speak** a simple sentence

If stroke warning signs occur, get help IMMEDIATELY!
