Parking Requirement for Hospitals

Table 9.1.2 under Hospital parking requires a determination by the Planning Director regarding the minimum parking required for a hospital. With guidance from the most current study conducted by ITE, review of other jurisdictions and a review of the previous development code, the following minimum and maximum parking requirement is set for hospitals:

Use	Minimum Parking Required	Maximum Parking Permitted
Hospitals	0.5 spaces per employee and 2 spaces per 5 beds	0.8 spaces per employee and 4 spaces per bed

Hospitals are permitted to use the parking reductions identified within Table 9.1.1 as listed within the Land Development Code.
