MEMORANDUM

SUBJECT: Lists of Potential Control Measures for PM_{2.5} and Precursors
FROM: William T. Harnett *William Harnett*
Director, Air Quality Policy Division (C504-01)
TO: Air Division Directors, Regions I – X

The attached compilation of PM_{2.5}-related control measures, which was prepared by OAQPS, OTAQ, OAP and OPAR, is provided to you for your information and for you to share with the States in your regions that you determine would benefit. Please consider that the measures included in the lists have not been peer reviewed, and their appearance on these lists does not constitute EPA endorsement of any specific control measure.
