

## It's time for all of us to act

For the next two years, America's Promise Alliance will sponsor leadership summits in each of the 50 states and in at least 50 cities. But we need your help. How can you answer this call?

Make sure your state and community has a Dropout Prevention Summit with leaders from all sectors, and commits to developing and implementing a plan that includes proven ways you can strengthen your schools and provide kids the wrap-around supports they need.

Go to [americaspromise.org](http://americaspromise.org) to find resources that will help you:

- >> conduct local and state summits
- >> develop local plans for increasing graduation and college preparedness rates
- >> learn how you can deliver more Promises to the kids that need them the most

Please help us keep the promise of America for each other and for the young people who are counting on us.

## THANK YOU TO OUR SPONSORS:

We are proud to acknowledge those Alliance partners whose generous sponsorship of the Dropout Prevention Summits demonstrates their spirit of commitment to promoting educational excellence in America and improving the well-being of our country's young people.

### PRESENTING SPONSOR:

State Farm Insurance Company
