Keith,

Who is your department's business manager? I need an e-mail from him/her stating that it is okay for me to transfer money from our NDF to your account to pay for expenses related to our district junk drop off. If you can forward this e-mail, he/she can respond to it. I just need it to attach something in writing along with our form to send before the appropriations committee. Thanks for any assistance you can provide.
